Equal Employment Opportunity Statement

Roswell Park Cancer Institute Corporation (RPCIC) and Health Research Inc. (HR) Roswell Park Division believe that all persons are entitled to equal employment opportunities, and we do not discriminate against our employees, applicants or job seekers because of their race, color, religion, sex, sexual orientation, gender identity or expression, national origin, creed, age, disability, pregnancy-related condition, military or veteran status, marital or familial status, domestic violence victim status, citizenship status, genetic information, individual’s relationship or association with a member of a protected category or any other protected group status as defined by law.

Reasonable Accommodation Request

RPCIC and HRI are committed to working with and providing reasonable accommodation to individuals with disabilities. If, because of a medical condition or disability, you need a reasonable accommodation for any part of the employment process, please email HR-PayAndBenefits@RoswellPark.org and let us know the nature of your request and your contact information.

Our Core Values

RPCIC and HRI are committed to providing an environment where patients, families, employees and community are treated with courtesy and respect. We support an inclusive environment that nurtures the talents, skills and abilities of each individual to embody and reflect our core values: Innovation, Integrity, Teamwork, Commitment, Compassion and Respect.

Historical Compensation Information Statement

Pursuant to Executive Order 161, no State entity, as defined by the Executive Order, is permitted to ask, or mandate, in any form, that an applicant for employment provide his or her current compensation, or any prior compensation history, until such time as the applicant is extended a conditional offer of employment with compensation. If such information has been requested from you before such time, please contact the Governor’s Office of Employee Relations at (518) 474-6988 or via email at info@goer.ny.gov.

Division Chief, Blood and Vascular Disorders

Penn State Health Milton S. Hershey Medical Center and Penn State Cancer Institute host the opportunity for you to advance your career as the inaugural Chief, Blood and Vascular Disorders Division of Hematology at our esteemed academic medical center located in Hershey, PA – a full service, Magnet designated quaternary care hospital with all major services represented in both pediatric and adult medicine. The successful candidate will be the holder of a named Professorship in Hematology.

This is an exciting opportunity for an experienced physician scientist leader to invigorate the faculty through the creation of this critically important role in collaboration with Laboratory Medicine in the Department of Pathology and the Institute of Personalized Medicine to develop a regional center of excellence in Hemostasis and Thrombosis. As the leader in the newly developed Division, the Chief must be strategically and operationally focused to guide the Division through the advancement of clinical programs, education and research while continuing to meet and exceed national standards of excellence.

What We’re Seeking:

- Respected clinical leader with knowledge in both inpatient and outpatient care
- Professor Eligible tenure rank commensurate with experience
- Physician scientist with demonstrated success in obtaining extramural funding
- Ability to partner with a breadth of stakeholders to develop, inspire, communicate and operationalize a shared vision and strategic plan

Minimum Requirements:

- MD, DO, or foreign equivalent degree +/-PhD
- Fellowship trained, Board Certified in Hematology
- Strong knowledge of and competence in the area of hemostasis and thrombosis
- Demonstrated leadership experience in an academic healthcare environment
- Ability to obtain medical licensure in the Commonwealth of Pennsylvania

About the Area:

Penn State Health Milton S. Hershey Medical Center is a 634-bed Magnet-recognized academic and level I trauma center and one of the leading teaching and research hospitals in the country. Throughout our health system, we are committed to providing patient- and family-centered care to people from all walks of life—and skillfully handle needs at every level of complexity utilizing our shared governance model of care. The campus is conveniently located in Hershey, PA with close proximity to New York City, Washington, DC, Philadelphia and Baltimore, MD.
